Turned on the TV, more crime in the streets  
More trouble in the Middle East and fire's out West  
Politicians flingin' dirt, got decension in the Church  
Another law suit in the works, man you talk about a mess

Too much tension between  
Miss Liberty and the Eiffel Tower  
It's about time we all made up  
At some big happy hour

I think the world needs a drink, I think enough's enough  
She's been spinnin' around so long I'd say she's pretty wound up  
Calm down, sit back, relax, tear up the contracts and save the ink  
Yeah, I think the world needs a drink

I bet we'd get somethin' done, over 2 for ones  
Rubbin' elbows with the big guns, wouldn't that be cool?  
Call all the rich and the poor, the peace keepers and the warlords  
We'll cut some deals over nothing more than a shot of 90 proof

There ain't nothin' wrong  
A few cold beers can't iron out  
In fact you tell me just when and where  
And I'll buy the first round

I think the world needs a drink, I think enoughs enough  
She's been spinnin' around so long I'd say she's pretty wound up  
Let's all calm down sit back relax, tear up the contracts and save the ink  
Yeah, I think the world needs a drink

Hey let's all calm down, sit back, relax  
Tear up the contracts and save the ink  
Yeah, I think the world needs  
Don't you think the world needs a couple of drinks?  
I know, I do, yeah, that's right
