I have found my calling
The mission's all too clear
The voice I hear inside me
Is louder than the fear

I follow the bright lights
Into the dark nights
Chasin' after words and melodies

We could sail the ocean
Lay back on the waves
Or you can drop an anchor
And be the one to stay

Either way you see
It's okay with me
'Cause love can
Only grow if it's set free

These gypsy feet keep changin' shoes
And are you the one that I belong to?
That'll be my saving grace
And guide my way back home

My path is like a broken sidewalk
With cracks and stones and tear stained raindrops
That testify to the dreams that won't let go
I wanna know, can you love this travelin' soul?

If I rest here in your arms
Long enough to let you in
Without ever askin' why
Will you let me run again?

Believe in my need to fly
Just like the changin' tide
I'll keep coming back
If you'll be my welcome shore

Yeah, these gypsy feet keep changin' shoes
And are you the one that I belong to?
That'll be my saving grace

And guide my way back home

My path is like a broken sidewalk
With cracks and stones and tear stained raindrops
That testify to the dreams that won't let go
I wanna know, can you love this travelin' soul?

My path is like a broken sidewalk
With cracks and stones and tear stained raindrops
That testify to the dreams that won't let go
I wanna know, can you love this travelin' soul?
Can you love this travelin' soul?
