Close your eyes
There is nothing but feeling in my heart
In my mind I have waited for this moment
My prayers drifted to heaven
And somebody heard my wish
Thought I was a dreamer to believe in love like this.

Chorus

Must be an Angel watching over me
A spirit guiding destiny
For the crazy times I made it through
Have lead my footsteps to you.

Must be an Angel

Must be an Angel looking down on me.
Just reach out when you need someone
Someone to be there

I am blessed 'cause you love me
Just because you care

There are times I couldn't imagine
The heat of a lover's touch
You are my only passion
You are all I'm thinking of

Chorus

Must be an Angel watching over me
A spirit guiding destiny
For the crazy times I made it through
Have lead my footsteps to you.

Must be an Angel

Must be an Angel looking down on me.
Hey, baby I know I couldn't have done it alone
Someone out there must have cared enough to lead
me home

Lead me home

Chorus

Must be an Angel watching over me
A spirit guiding destiny
For the crazy times I made it through
Have lead my footsteps to you.

Must be an Angel

Must be an Angel looking down on me.
On me.

Chorus

Must be an Angel watching over me
A spirit guiding destiny
For the crazy times I made it through
Have lead my footsteps to you.
Must be an Angel
Must be an Angel looking down on me.
