Woke up on the ground, i've thought "the earth is round"  
so what about this new day on my way  
is there anything new, what are we gonna do ?  
woke up in the silence then i've heard that song  
and a voice said  
"this is not a bad joke  
this message's done for you  
you've got to work hard more  
and more  
for the holy economic war".  
but it couldn't be no hallucinations  
then i've read the story of the new nations  
lord it's just as you please, i get down on my knees  
god, it's wonderful to find the meaning of life  
and a voice said  
"this is not a bad joke  
this message's done for you  
invade the whole world  
dont forget the new password  
everybody sings you have  
no choice in the matter  
i'll become your blessed manager  
you've got to produce more and more  
for the holy economic war".  
business force...  
marketing...  
careers...  
success...  
oh holy yeld, oh holy hell
