From the minute you saw it
From the time it left my mouth
I knew you wouldn't want it
But I had to have it out
I saw your smile, I felt it
Now I just can't believe
There was knowing deception underneath
All that time
Did it pass while you were looking back
Waiting?
I asked for the truth everytime
And now the ugly details
Are stuck in my mind
And there's a premonition
I keep putting off
And the more time passes
The more i get soft
I'm standing up there in a weakened state
And it's not great
All that time
Did it pass while you were looking back

Waiting?

Often I'm waiting on the one

That maybe won't come

Waiting

And I'm not saying anything

You think that I forgot

I'm not saying anything

But I'm thinking a lot
