Being crossed out by those closest to you cuts so deep
and causes a pain that you never thought could exist.
Don't let it destroy you.

Without mercy, it strikes.
Disbelief, what's become of my life.
Crashing down run me through.
I can't believe I believed in you.
Betrayer, look me in the eye.
Why am I in so much pain this time.
Without warning, trust kills.
I feel nothing and I blame you.
No remorse, no shame.
God I hate what's become of me.
Betrayer, look me in the eye.
Why am I in so much pain this time.
Betrayer, look me in the eye.
Why am I in so much pain this time.
I've been dealt a thousand lies.
So why am I in so much pain this time.
Why am I in so much pain this time.
Shut.
You.
Out.
Eye for an Eye.
Shut.
You.
Out.
Eye for an eye.
