"Hell To Pay"

Visit "[Hell To Pay](#)" on MotoLyrics.com

Straight faced, emotionless
I lie, I cheat, I steal
Reckless nights with my own life living in this filth and
sin
Rot my insides with bottles and highs
Gonna get what's coming my way
Hell bound, sink down
Wrath of the heavens cast out

Hell to pay
Some sins don't wash away
I hear them calling me

So I sin to cover up my sins
Lost in the sickness, breathe it in
Moral decay I can't escape
No regrets, no shame but there's hell to pay

I hear them calling me
Some sins don't wash away
I've got hell to pay
