My escape, The one constant in my life that has seen me through all the highs and lows. Just like you, music is my tool to work my way through this ugly world.

Unloved, Unforgiven.  
No one knows the hell that you live in.  
Spirit broke with nowhere to turn.  
Until I found you, I was destined to burn.  
The rise of the poisoned youth.  
Driven by trials, hardened by truths.  
Now I am reborn inside of you.  
I don't need love or forgiveness.  
This you can't touch, fade to the distance.  
Truth struggles to strengthen, it's my fuse.  
Now I am reborn inside of you.  
The rise of the poisoned youth.  
Driven by trials, hardened by truths.  
Now I am reborn inside of you.  
The rise of the poisoned youth.  
This is something you cannot touch.  
Now I am born inside of you.  
Inside you.  
Rise.  
Rise of.  
The.  
Poisoned youth.  
Rise.  
Rise of.  
The.  
Poisoned youth
