So many nights alone

Without you by my side

I never knew what

I was missing

But then you came along

With all your special ways

Bringing me joy, laughter,

What I was wishing for

[CHORUS:]

My angel

On my shoulder

You give me shelter

You give me love and affection

Everytime I turn around

You're still right here

Angel

My angel

Ooh my dear

My wonderful friend

In times we'll triple the land

When all the rest of

The world runs away

You open up my heart

And make me realise

You would be the one

Who would stay

[Repeat chorus]

When things sometimes

Start looking out

You're with me

No matter what

No matter how

You seem to find a way

Sharing your love

From up above

You're all I'll ever need

God must have

Sent you to me

Ooh ooh

My angel

On my shoulder

You give me shelter

You give me love and affection

Everytime I turn around

You're still right here

My angel

My angel

Ooh my dear

Ooh my dear

Ooh my dear

Ooh my dear
