I know that it's her when my phone go ring

In three in the morning it's time to cut

Sometimes she like it soft but not as much as she like it

When a nigga straight beat it up

She don't care where I put it at, long as I put it back

Deep down, deep down in that puddy cat

If you ain't never had a freak a leak in your life

I suggest you get you one cause ain't nothin' like a

You ain't never had a freak like this

That do all the tricks and could do what she do to a
dick

Take ? superb that'd make you sick

Can't imagine who the fuck taught her this shit

Everybody wanna know who the hot chick is

I was with in the video in the blue outfit

I don't wanna tell a nigga how to find a bitch

I might try and find a ho myself, how you love that
there

I keep 'em all to self, I don't like to share

Unless they determine that they into that

Being the man I am I'm a let them help their self
And just hope that I live to tell it, I'm good for that
Every now and then it's good to reflect
And think back to all the hot twat that you done hit
Or you done licked, any nigga say that he ain't did it
He a lying ass son of a bitch, haha
