Where I go and where I stay
everybody knows everything better
but I have the better advantage
my swiss army knife
slogans from right and left wing
but sorry I'm only 10% politically correct
I'm a Punk !
The whole day long I hear
boycott this and boycott that
but I go to McDonalds and eat
what I prefer most
and when I talk about sex
they call me a sexist
they all know it better
but I know how it is
I'm a Punk !
so listen up friends of humanity
first I piss in your faces
then I sit down at home
and write you a poem
and you will never get as nice a world
as I already have
I'm a Punk !
