At the meeting  
was nothing special going on  
But south german wine brought comfort  
They left the parliament building  
totally drunk  
and fell asleep at the steering wheel  
No Airbags for the CSU !  
Big party meeting and speeches to yawn  
This is the reason why beer ran constantly  
Then they went home  
In their brand new cars  
and drove into a ditch  
No Airbags for the CSU  
and for the FDP and CDU.  
For the SPD, too.  
No Airbags for the CSU !  
Election campaigns  
till early in the morning  
assisted by tens of booze  
The way home was driven  
much more aggressive  
The mayer ended up crashing into a tree  
with champaign and cognac  
we set the whole country free  
with Bailys and Nightrain  
for the german revolution.
