Clean is good and white is clean
Clean is modern,don't you know
Modern is strength,don't you know
Strength is male and oi is fun
The noise the boys we're gettin drunk
The band the beers go shave your head
Boots and aggro fight and sweat

Stay away from the good guys
'Cause the bad are way better than the good

Dirt is bad ,but dirt is fun
Dirt means freedom don't you know
It's a new world you're looking for
And dirt is lust and sex is dirt
And bad is good but it may hurt
And good is bad and right turns wrong
You don't know where you belong

Stay away from the good guys
'Cause the bad are way better than the good
Stay away from the good guys
'Cause you don't know where you belong

Here's the warning ,what you gonna do?
This oi warning goes out to you
Here's the warning ,what you gonna do?
