"I Was Wrong"

I See the tears falling from my eyes
& I'm beginning to realize
I was wrong, so wrong
So come on back to me & stay

I'm sorry about the things I said
The "why not try," it must have led to my head
I was wrong, I was wrong, so wrong, baby
So come on back to me & stay

Bridge:

Come back, come back, oh baby come back to me
I'm so broken hearted & I'm full of memories
(over backing "come back & stay"):
Baby come back, reach out, come back
Baby come back, oh baby come back
Said I was wrong, I was wrong, I was wrong
Girl I was wrong, so come back & stay

Oh baby baby baby baby, please give me one more
chance
Oh no no no no, don't break up our romance
I was wrong, I was wrong, I was wrong, baby
So come on back to me & stay
There y'are, girl

(bridge, fading out)
