(I'll stop wanting you)

When the moon gets what the night is for  
When the tide lives its way to the shore  
When the rainbow can't tell the storms through  
& that's when (that's when) that's when (that's when)  
I'll stop wanting you

When the river can't find a way to the sea  
When the sun in summer ceases to be  
When my heart can't do a dream of you  
& that's when (that's when)  
I'll stop wanting you

No chain is strong enough to hold the river from the  
sea  
No chain is strong enough to hold love that wants to be  
free

When it refuses to cloud in  
When time stands still  
Only then, after my heart is through  
That's when (that's when) that's when  
I'll stop wanting you
