(bass drum solo)

The beating of my heart
Says we'll never never part
It beats stronger & stronger & stronger & stronger
The beating of my heart

Wo wo oh the trembling in my soul
Says I will never grow cold
So come closer & closer & closer & closer
& closer to me

(The beating of my heart)
I lay awake at night dreaming of a love so true
I gave my love to you, my dear
What am I to do? Wo wo oh

The beating of my heart
Says we'll never never part
It beats louder & louder & louder & louder
The beating of my heart
It beats stronger & stronger & stronger & stronger
The beating of my heart
So come closer & closer & closer & closer
& closer to me
It beats louder & louder & louder & louder
The beating...& fade
