Lately weâ€™ve been talking about who we are
Seems we donâ€™t know anymore
And all this time that weâ€™ve been thinking
At night Iâ€™ve been dreaming about you

And I know you donâ€™t believe me when I say
Iâ€™ll love you till the end forever and a day

I guess weâ€™ll never know
Exactly where this riverâ€™s gonna flow
And I guess weâ€™ll never understand
Until we reach that promised land
So I guess weâ€™ll
I guess weâ€™ll never know

People say that weâ€™re sweethearts
They say nothing in the world could tear us apart
Well I donâ€™t know about you
But this thing weâ€™re going through is tearing me in
two

And I know you donâ€™t believe me when I say
Iâ€™ll love you till the end forever and a day
