"Face Down"

Visit "[Face Down](#)" on MotoLyrics.com

I sign at the world
Because you don't seem to care
and if i grow old
Then you were never there

And yet it's hard just to find
the only way back inside
The only way I could let this go
And how i could justify
by taking what is deep inside
And lie face down
And lie face down

And if i could
Then you were so over this
And then we face it's soul

I'm face down and no one knows (x2)

And if i Bleed
The i will bleed for you
and it's hard to see
to see what i see in you

An I just realized
that everything that i fear
is back in my face only again
So put me out on this floor
cuz that's the way i've been
Since i lied down
since i LIED down

And if i could
Then you were so over this
And then we face it's soul

I'm face down and no one knows (x2)
I feel it's the same thing I've had
Since i fell here, I fear

I sign at the world

Because you don't care
and if i grow old
Then you will never come back!!!!

I'm face down and no one knows (x2)
I feel it's the same thing I've had
Since i fell here, I fear I'M FACE DOWN AND NO ONE
KNOWS
