Missus Jarvis don't pay me much
They give me just what they think I'm worth
I'm gonna change my mind, yes change my mind
Cause I keep the servant room blues all the time

I receive my company in the rear
Still these folks don't want to see them here
Gonna change my mind, yes change my mind
Cause I keep the servant room blues all the time

I'm gonna change this here room for a nice big flat
Gonna let my friends know where I'm livin' at
Gonna change my mind, yes change my mind
Cause I keep the servant room blues all the time

They have a party at noon, a party at night
The midnight parties don't ever break up right
Gonna change my mind, yes change my mind
Cause I keep the servant room blues all the time
