Starts off early monday the beginning of the week  
With a belly full of serpents wriggling round making me  
feel sick  
Well I know I went out last night and it's the price I'll  
have to pay  
But before I've even found my feet I've been  
discovered by tuesday  
Green is the colour of your eyes  
Grey is the colour of your skin  
Yellow is the colour of your tongue tongue tongue  
If I was you well I'm not am i

Well I know I'm not you you're not me  
But everybody join in after three  
One two three

Green is the colour of your eyes  
Grey is the colour of your skin  
Yellow is the colour of your tongue tongue tongue  
If I was you well I'm not am i

Green is the colour of your eyes  
Grey is the colour of your skin  
Yellow is the colour of your tongue tongue tongue  
If I was you well I'm not am i

If I'm not you who the hell am i
