I was high on a molotov of cocktails  
I was low on a hundred things  
I was wrong to put my money where my mouth was  
I was right about the whales and the dolphins  
Whales and dolphins whales and dolphins yeah  
And I don't mind preserving time at all

I was blue about the people in the power  
I was green that's my excuse  
I was yellow when they said to fight the reds  
'cos I knew I'd be beaten black and blue  
Black and blue battered and bruised yeah

Hold the line just give it some time then call

Cor what I like and what I hate about perseverance  
Ooh what I'd give and what I'd take for perseverance

I was round and about in the area  
I was square in my suit and tie  
I was lost in the bermuda triangle  
It all went pear shaped twisted and twined  
Twisted and twined twisted and twined yeah

And I don't mind preserving time at all  
Hold the line just give it some time then call

Cor what I like and what I hate about perseverance  
Ooh what I'd give and what I'd take for perseverance

I was lost on the road to nowhere  
I was a guest on a runaway train  
I was happy 'cos I knew I was innocent  
They were glad to let me take the blame  
Taking the blame taking the blame taking the blame  
It's always the same 'cos

I what I like and what I hate about perseverance  
Ooh what I'd give and what I'd take for perseverance  
I haven't time I haven't space for perseverance  
'cos I swap and change just when I like to keep up
