[Nate Dogg]

All of my Life (got this lady on my mind)
All of my days (wanna hit it all the time)
?? (I was down and locked away)
?? (wanna hit it every day)

[Obie Trice (Verse 1)]

You know a nigga wanna touch your body
We can keep in touch having after parties
You know you wanna fuck cause you?re acting naughty
You see us in the mattress probably
Wanna be involved cause the entourage I?m indulged
in
You say you love my dirty drawers your all in
Wanna sleep with the star, be baby moms, eat lobster
See where you?re coming from
Cause hey that nigga got dick for days
There aint too many niggas blessing O?s ways I guess
I just get better with old age cause in my ?? made me
say ?MAYDAY?
Anyway, today I?m a different human being
I crush em make em scream
Its nothing aint a thang
Fronting like the dick aint off the chain
Slicing nigga?s ??

[Nate Dogg (Chorus)]

At the after party we can get naughty watching your
body get this shit started
Coke and Bacardi pimp juice and gin and I?m off and
ready to roll
At the after party it?s a private party what happens at
the party stays at the party
Girl roll that body, back up that body into my body (girl
lets go)

[Obie Trice (Verse 2)]

You know I?m somewhere where I can ease my mind be
On some island Don Ps beside me

No paparazzi eying that hiney
But I am right behind she
Wanna bump n grind, crying, say im all up in that side
Bringing down the menstruation cycle
Girl I lay pipe to the right, pipe to the left, pipe all night,
a pipe dream right
O Trice advise your type
If it aint him it?s a nigga in my click you like
If the miss?s insist on the dick tonight
We throw assists like Scott, Pip and Mike
You blow a kiss on my tip you just might
Get a whiff of the kid up in your windpipe
Now see that insight, it excites, cause she?s
undressing for that sex, right

[Nate Dogg (Chorus)]

[Obie Trice (Verse 3)]

Take time off my hectic schedule
Just to give you the pleasure you request for
When I hit your spine that?s how you measure O
Tell your girlfriends you aint had it like this before
Now your girlfriends all up in the midst of O
Wanna be mistress, all cause a few extra inches
Blew back your interest, you lack experience, new jack
my crew ran through that for instance
We can fuck from dust to dawn
No discussion who?s nuts your own
Shes in such of a rush to cum
Wanna choke on the dong, like it?s a bong
And what is it doing, your making a moan
You make her wanna leave that muthafucka she got
back home
All Os knowing is he keeps hoes going, enjoying O
Trice?s groin

[Nate Dogg (Chorus)]
