Angels of the morning  
Children of the dawn  
Heaven bless and keep you  
Help you carry on

All the heart has hoped for  
All that eyes can see  
Meant for your salvation  
And felicity

I have come to find you  
And I must remind you  
We R one

Angels of the evening  
Children of the cross  
Who can help us gather  
All the things that we have lost

Lifetimes shifting phases  
Dreams that we discern  
Words of wealth and power  
Oh, but that's not my concern

I have come to find you  
And I must remind you  
We R one

The stone clouds will be fading  
Half the rainbow's in  
There'll be a new beginning  
For all of us, my friend

I have come to find you  
And I must remind you  
We R one

I have come to find you  
And I must remind you  
We R one

I have come to find you

And I must remind you

We R one
