I wish that I could be eleven again
That E.T was my friend
You know that life was so simple then
Times have changed
Never be the same
The memory remains
And the melody inside my heart

You know it's alright
No matter how it goes
All you gotta do is just say no

Got a little crush
I just can't get enough of that stuff
It's such a rush (1980 Me)
Got a little crush
I just can't get enough of that stuff
It's such a rush (1980 Me)
Dance baby
You know youre gonna have such a good time
Welcome to 1980 Me
Dance baby
You know its gonna be alright
Welcome to 1980 Me
