I've been broken, shut down and useless
Feet above me
Hands in the air
You got me falling over and over
You got me twisted tied up and tangled
I do it all for you
You know I've been a fool for you
I thought I tripped on a shoelace
I look down and it's only you

Now I'm standing at a terminal waiting to connect to
another plane
If I told you I just cancelled my flight to America
Would you call me insane?
Everything I am has been neatly contained into
the contents of a Samsonite bag
Me, a laptop, 2 suitcases and I'm coming to see you
whether you like it or not
Whether you like it or not

I've been put down, picked up and put off
I've been held up, pushed and shoved around
You got me falling over and over
I've been drifting this side and upside down
I do it all for you
You know Ill be a fool for you
I keep thinking I've lost something
I look down and it's only you

Now I'm standing at a terminal waiting to connect to
another plane
And if I told you I just cancelled my flight to America
Would you call me insane?
Everything I am has been neatly contained into
the contents of a Samsonite bag
Me, a laptop, 2 suitcases and I'm coming to see you
whether you like it or not

How many forms can indecision take?
When does the warning light appear before a man
breaks?

Mine is a restless heart don't try to fix it
You know sometimes, sometimes I want it to ache

Everything I am has been neatly contained into
the contents of a Samsonite bag
Me, a laptop, 2 suitcases and I'm coming to see you

And Now I'm standing at a terminal waiting to connect
to another plane
And if I told you I just cancelled my flight to America
Would you call me insane?
Everything I am has been neatly contained into
the contents of a Samsonite bag
Me, a laptop, 2 suitcases and I'm coming to see you
whether you like it or not
