I'm sittin' here surrounded by
People I know
The beer is cold and the music's
Good and loud
That used to be enough to put
A smile on my face
But tonight I just feel lost in this crowd

There's a brunette on the dance floor
That's smiled a time or two
So I got up and asked her for a dance
But when she put her arms around me
And I held her I knew
It was just too soon to take another chance

Cause I'm still dancin' with you
I know we said we were through
But I keep holding on
Letting go is just too hard to do
Even when I'm holdin' someone new
I'm still dancin' with you

When the song was over
I held on a little longer
Deep inside I knew that it was wrong
I could hold her in my arms
For the rest of the night
But I'd just be leading her on

Cause I'm still dancin' with you
I know we said we were through
But I keep holding on
Letting go is just too hard to do
Even when I'm holding someone new
I'm still dancin' with you
