I drove around last night

And tried with all my might

To leave the past behind

But you stayed on my mind

So I stopped for a drink

I never stopped to think

That it wouldn't work

It just made it worse

So I came on back home

I hadn't changed a thing

And sat here all alone

Missing you and wondering

CHORUS

Where do I go to start all over

When there's no place to hide

From your memory

Where do I go to start all over

When in your arms

Is where I want to be

I'd take some things and leave

If a change a scenery
Would do me any good
Like I know it should
But I'd be missing you
What good's a different view
To a broken heart
We'd still be apart
Someday I'll find an answer
To this mystery
But tonight the same old question
It just keeps on haunting me
REPEAT CHORUS
Where do I go to start all over
When in your arms
Is where I want to be
