On final approach my brother and I we were so sure

Knew exactly the plans we'd made and what we were
here for

Didn't have a care in the world got by day by day

Struggled with the plans we'd made who was I anyway

Workin' on both night and day in a famous rock and roll
cafe

Never thought I'd meet a girl for me

Never thought I'd meet a girl called Cerilene

Cerilene the road of life is dark without you and I, I just
can't see

Cerilene, share my life with me

we'll go together hand in hand and we'll fulfill our
dreams

Walked along the beach there hand in hand, it felt like
a dream

but things that felt so good were never real or so it
seemed

the magic that this girl possessed

changed the heart of a child to a man (to a man)

through the warmth of love his dreams and drive had
direction again

A girl who strongly believes in me, and visions that we
both could see

as one of my dreams, it came to an end

my life and love felt whole again

(Chorus)

I've grown to love this family, my friends

and this woman that I've found

just as much as the family I left in a small, small
Southern town

on a day the island breezes brought my loved ones
here with me

we made our families one, I love you, oh I love you
Cerilene

Cerilene, the road of life is dark without you and I, I just
can't see

Cerilene, share my life with me

We'll go together hand in hand and we'll fulfill our
dreams

Cerilene, share my life with me, on this island oh, fulfill
my dreams

Cerilene, oh Cerilene

Cerilene, (share my life, share my life with me)

oh Cerilene
