A crooked chimney standing in the middle of a field

Once surrounded by the walls of work

By laughter and by love

The sound of children playing

And the sound of people saying

I love you yeah you

A crooked tree stands naked near the center of the field

Barely rooted in the browns and greys

Of earth that once was green

A place long since forgotten

In a world of yesterday

Except by me yeah me

And Oh--whose plan was this anyway

And I never thought He would want it to be that way

It once was beautiful--Right Here

It still is beautiful--In Here

You once were beautiful--I hear

I hear it can be beautiful

Just remember

A twisted little image in your perfect little world

Of the chapter where it'd all begun
About a song already sung
Burnt around the edges
Nearly faded--nearly gone
Even you--yeah you
A shiny building standing in the center of today
Where indifferent people go to work
Go about their pay
Knowing they've forgotten
In a most convenient way
Yesterday--away
(Pre-chorus)
(Chorus)
(Pre-chorus)
(Chorus-Chorus)
