Chorus

If she's out there somewhere-somewhere

I would give everything to know.

Just to hold and to finally have her,

Take me to sunrise from indigo

If it's to be

That there's just no one for me

I'll try not to cry much

So no one will see

But if it's to be

Yeah, there is anyone for me

Our hearts will shine

So everyone will see

I've got some time,

So maybe if you're free

I could use a friend

Just to talk to me

Chorus

lived most of my life without

Anyone near

Never cared what happened

No I never saw clear
But I'm getting older now
And I'm, thinking about my end
And to leave without love
Or without a friend
well its getting late
but baby if i tried i could find one
before i die

Chorus

It's not over yet, it's not over
I'm still standing
If it's to be
There's just no one for me
I will try not to cry much
So no one else will see
I've got some time
So maybe if you're free
I could use a friend
Just to talk to me
chours
if your out there somewhere - somewhere
i would give everything to know
(if your out there somewhere, somewhere
Take me to sunrise from indigo
