Save me - have mercy

Turn me upside down

I know it sounds a little bit lazy

But I lost myself in a mystery

Save me- some aggravation

And tell me your wisest tale

Take me away...

Chorus

Won't you save me

Please hurry please

Won't you tell me what's worthy now

Won't you save me

I thought for myself

Can't you forgive me for that

Turn round- where ya goin

Slow down-my hopes on you

I've paid my dues a thousand times over

'Cause I was not born ready made

Teach me- teach me everything

And leave no turn unstoned

Yeah that's ok

Chorus

Now we've been on this walk before

And I can't take it lightly anymore

Well again I said

It's just there's so much wasted time

Quit wasting time.

Hold on - wait a minute

Take note-this one's on me

They never put up a monument

For a cynic or a statue of a hypocrite

Turn it up-turn it over

Tune in and change your mind

Go your own way

Chorus
