Don't know what I'm gonna make of this.

Feeling contemplative today.

I'm used to finding solace

In what I bought or what I thought but

That's not going to be satisfactory today.

CHORUS

Used to run and try to hide,

Today I'll stay and pick a side

And if I die well least I tried,

Yer standin' in my way...

Looked around this place to see where I belong.

Feel misunderstood again today.

It's such a strange sensation

Being my kind here in this time yeah.

But that's not cause for much But aggravation today.

CHORUS

Where was I - when Jimi kissed the sky?

And a Beatle said it's not too late to "Give peace a chance."

I survived The Brady Bunch, And the age of "let's do lunch"

Time is time - yeah time is time, Time and time again.

## CHORUS - CHORUS
