The grey ceiling on the earth  
Well it's lasted for a while  
Take my thoughts for what they're worth  
I've been acting like a child  
Your opinion, what is that?  
It's just a different point of view  
What else, what else can I do?  
I said I'm sorry, yeah, I'm sorry  
I said I'm sorry, but for what?  
If I hurt you then I hate myself  
I don't want to hate myself, so I don't want to hurt you  
Why do you choose your pain if you only knew  
How much I love you (love you)  
I won't be your winter  
And i won't be anyone's excuse to cry  
And we can't be forgiven  
And I will be here  
Oh picture on the shelf  
It's been there for a while  
A frozen image of ourselves  
We were acting like a child

Innocence in a trance  
A dance that lasted for a while  
Read my eyes just like a diary  
Oh remember, please remember  
Well Im not a begger, but once more  
If I hurt you then I hate myself  
I dont want to hate myself, dont want to hurt you  
Why do you choose that pain if only you knew  
How much I love you (love you)  
I won't be your winter  
And i won't be anyone's excuse to cry  
And we can't be forgiven  
And I will be here  
I won't be your winter  
And i won't be anyone's excuse to cry  
And we can't be forgiven  
And I will be here  
I won't be your winter  
And i won't be anyone's excuse to cry  
And we can't be forgiven  
And I will be here
