You stabbed me in the back over a sliver

A feeling I have been betrayed

Both hands broken together

Clenching fists cause the rage

It comes in spades

From a life of pain

I don't care 'cause I don't give a fuck

It tears a path right through me

A systematic vision of survival

A struggle I alone engage

Tension burning inside me

Blood so sweet cause revenge

It comes in spades

From a life of pain

I don't care 'cause I don't give a fuck

It tears a path right through me

Revenge is mine

Suffering divine

Fractures break through bone

Frustration won't let go

Filled with lead and

dumped into the river

And buried in a shallow grave

Both hands broken together

Clenching fists cause the rage

It comes in spades

From a life of pain

I don't care 'cause I don't give a fuck

It tears a path right through me
