And I watched

through bitter eyes

As the blood filled

in the cracks, black

A burning effigy

Told me I should

kneel 'cause

I'm worshipping

With terror, a disease

Burn the sacred oil

Chorus:

They told us there'd never come a day

They told us that we need not worry

So we fucked around, thought this shit would change

And turned our eyes away

I am the power siege

And the rush you will feel

Thrill exploding out of me

Through clenched teeth I will scream out

We're suffering

With malice you deceive

Puke sold as salvation

They told us there'd never come a day

They told us that we need not worry

So we fucked around, thought this shit would change

And turned our eyes away

Lead: Logan

And I watched it slip away

And you watched it slip away

And we watched it slip away

'Cause no one took a stand
