Can we run that again

Is that a woman's voice I hear?

I said, "Let's wait and see. I'll see for myself"

That's a phrase I repeat

To myself

Made a reference to me and

that's myself too

What progress I have made the first week

First Week

First Week

First Week

Every sentence I use

Refer to women and their names

I heard the voice first last week

I heard it myself

Made a reference to me

That's myself

This report's incomplete

I see for myself

Every appointment has been moved to last week

Last Week

Last Week

Last Week

oh...

ah...

oh...

I heard the voice first last week

I heard it myself

Made a reference to me

And that's myself

This report's incomplete

I see for myself

Every appointment has been been moved to last week

Last Week

Last Week

Last Week

oh...

ah...

oh...
