I will fight; will fight with my heart.

I will fight; will fight with understanding.

In my mind, the weather never changes

Skill overcomes, difficult situations.

A straight line exists between me and the good things.

I have found the line and its direction is known to me.

Absolute trust keeps me going in the right direction.

Any intrusion is met with a heart full of the good thing.

Try to compare what I am presenting.

You will meet with much frustration.

Try to find ... similar situation.

You will always find the same solution.

As the heart finds the good thing, the feeling is  
multiplied/

Add the will to the strength and it equals conviction.

As we economise, efficiency if multiplied,

To the extent I am determined the result is the good  
thing.

So I say:

I have adopted this and made it my own:

Cut back the weakness, reinforce what is strong
