Who is it who

Who is it who

Who is it who

Who is it

What is it

What is it

What is it

What is it

Oh.....Baby it's you!

Who is it who

Who is it who

Who is it who

Who is it

What is it

What is it

What is it

What is it

Oh...Oh baby it's you!

Watch out now baby 'cause I'm in love with you

Watch out now baby 'cause I'm in love with you

And if you don't love me I don't know what I'm going to do!

Who, who, who is it

Who, who, who is it

Who, who, who is it

Who, who, who is it

Who, who, who is it

Who, who, who is it

Who, who, who is it

What is it

What is it

What is it

What is it

Oh....Baby it's you!
