Come on! Come on!

Talking on the phone boy, you know it's so nice
But I need your warm body next to me, to share what's
inside
I enjoy your conversation; you know it's alright,
But if you can't be there, then I'll find someone who can

I don't want to wait till tomorrow
Cuz I've waited too long, and this feeling is so strong
I don't want to wait till tomorrow
Another day is too long, when some love is what I want

I want to feel your body, holding me tight
Cuz I need some warmth and tenderness, to share
what's inside
All your love and company, its you that I like
And if you can't be there, then I'll find someone who
can

I don't want to wait till tomorrow
Cuz I've waited too long, and this feeling is so strong
I don't want to wait till tomorrow
Another day is too long, when some love is what I want

I want the touching, Touching
And the holding, Holding
Ooh baby that feeling, Feeling
The magic deep inside, Deep Inside
The touching, Touch Me
And the holding, Ooh Hold Me
When I feel your love, If you come tonight
I don't want to wait till tomorrow
Cuz I've waited too long, and this feeling is so strong
I don't want to wait till tomorrow
Another day is too long, when some love is what I want

I need someone to hold me tight
Make me feel alright
Baby can you come tonight
Wipe away my tears
Whisper words in my ears

This passion can't wait
I can't take another day
I need some pleasing and some squeezing
Some ecstasies and energy

I want the touching, Ooh Touch Me
And the holding, Hold Me
Ooh baby that feeling, Feel Me
The magic deep inside, Ooh
I want the touching, Bedside
And the holding, Hold me
Ooh baby that feeling, The magic deep inside.

I got love for you baby, Ooh yeah
Come on, Come on
