Ohh, the games people play now  
Every night and every day now  
Never meaning what they say now  
Never saying what they mean

Know they while away the hours  
In their ivory towers  
Till they're covered up in flowers  
In the back of a black limousine

La, da, la, da, da, da, da  
La, da, da, da, da, de  
I'm a talkin' about you and me  
And the games people play

You know we make one another cry  
We break our hearts and we say goodbye  
We cross our hearts and we hope to die  
Now, let the other was to blame

We need a woman that will give in  
So we gaze at an eight by ten  
Wanderin' about the things that might have been  
And it's a dirty rotten shame

La, da, la, da, da, da, da  
La, da, da, da, da, de  
I'm a talkin' about you and me  
And the games people play

Now wait a minute  
They come walkin' up to ya  
Singing glory hallelujah  
Let me try to sock it to ya  
In the name of the Lord

They only show ya how to meditate  
Read your horoscope, cheat your fate  
Furthermore to hell with hate  
C'mon and get on board

La, da, la, da, da, da, da  
La, da, da, da, da, de  
I'm a talkin' about you and me  
And the games people play

Look around baby what'd you see?  
What's been happening to you and me?  
God granted the serenity  
To remember who I am

'Cause you've given up your sanity  
Ohh, your pride and your vanity  
You turn your back on humanity  
And you don't give a la, la, la, la, la, la

La, da, la, da, da, da, da  
La, da, da, da, da, de  
I'm a talkin' about you and me  
And the games people play

La, da, la, da, da, da, da  
La, da, da, da, da, de  
I'm a talkin' about you and me  
And the games people play
