Well I was out the other evening  
On a walk when I decided to  
Take myself a little stroll through the park  
I was young and I was feeling no pain  
Well I was a happy man not a care in this world  
A real up and comer with an eye for the girls  
When I saw something that just about set  
My young heart a flame  
Well I introduced myself and I said nice night for a walk  
But I couldn't understand a thing she said when she  
talked  
And I said honey, let's get something straight between  
you and me  
Well that's when she settled down on the park bench  
Her skirt rolled and I could see she was french  
And my heart said toujours l'amour, avec mon amour

My my mon cheri  
Baby I sure would be delighted in your company  
Anytime that is good for you  
Would be convenient with me  
Well I say my my my mon cheri

My my mon cheri  
Baby I sure would be delighted in your company  
Anytime that is good for you  
Would be convenient with me  
Well my my my mon cheri

I'm still a happy man  
And I'm still in love with my sweet mademoiselle  
She feels such amour for a fine young sweet pierre  
We're in love together hope it'll always be  
My sweet darling cheri and me  
Because together we generate such savoir faire

My my mon cheri  
Baby I should would be delighted in your company  
Anytime that is good for you  
Would be convenient with me  
My my my mon cheri

I said, I said, I said mon cheri
