We were talking about the future
But she never pretended to hear
Shine a light, sweet blue midnight
I don't care if you're insincere

I will believe for us both
I will believe if the dream fall down
Believe in nothing if that's what it takes
I hear an old familiar sound

Sweet blue midnight, coming home again
Sweet blue midnight, it's here I always come to
In the end, in the end

Oh, it's late out here tonight
Later than you might know
Please, hold me safe in your sweet arms
I've nowhere else to go

And I don't know what's to be
And I don't know what's to come
And I don't know, I just don't know anymore
Livin' on the run

Sweet blue midnight, I'm coming home again
Sweet blue midnight
And it's here I always come to
In the end, in the end

And this dream makes a fool of us all
You know exactly what I mean
The light shines, falls where it will
And still some things can't be seen

Hold it close to me forever
Hold it close as my heart can stand
Close my eyes and just let it go
And try to be the kinder man

Sweet blue midnight, coming home again
Sweet blue midnight

And it's here I always come to
In the end, in the end
