rulers of the night by Georgie Davis
You got no motion when I call you
I tell by the way you react
The situation where I fall to
rules me as a matter of act
I came down to draw the line
and to enjoy this night of mine

Baby don't you keep me tight
I belong to the rulers of the night
Baby don't you keep me tight
Nothing's bad as standing in my light
Tack on to harmony
I will hold you endlessly
'cause the rulers of the night
are lovers in the morning

The neon lights and all the music, like magic it's
everywhere
Tonight sure is something glowing, I'm going around
with the fair
I came down to draw the line
and to enjoy this night of mine

Baby don't you keep me tight
I belong to the rulers of the night
Baby don't you keep me tight
Nothing's bad as standing in my light
Tack on to harmony
I will hold you endlessly
'cause the rulers of the night
are lovers in the morning
