As I sit in the dark I realize  
That my life is filled with lies  
I smile back at the world I see  
Cuz' they don't see the pain inside of me

I feel lost and confused  
I feel lonely and abused  
But I know inside my heart  
That my life won't tear apart

I have faith and I am strong  
And I know life will go on  
It's not as bad as it seems  
It's a lot better in my dreams

I found something good  
That's not misunderstood  
I found my shining star  
But to get it I'll have to go far

But it is worth it  
It has made the puzzle fit  
I have found the missing piece  
My pain, I can finally release

Because I've found my light  
And to get it I don't need to fight  
It was right here all along  
In this musical song

It has come to rescue me  
It has come to set me free  
But I have to let it go  
Because it's love, I do not know

Does it care about me  
Can our love even be  
I guess it's not for me to decide  
I am to whom it must confide

It needs to tell me what I want to hear

It feels so far, but yet it's so near  
It's was so distant  
That I almost missed it

If only I knew for sure  
That are love is truey pure  
Then I could welcome it with open arms  
And drive away the devastating storms
