I've waited all my life
For the day when love appears
Like a dream or a fairy tale
He will rescue me from my fears

And now I feel him
Standing next to me
And how can I tell him
What he means to me

(chorus)
I think in my head
How will I know
Wondering in my heart
Will his love show

I wonder to myself
Is this the moment I've dreamed of
Why can't anyone tell me
If he's my own true love

Every night I think of him
Here is my lonely room
Waiting for my prince to come
Wondering if he'll be here soon

(chorus)
I think in my head
How will I know
Wondering in my heart
Will his love show

As I sit patiently
Waiting for a sign
I wonder and hope
If his heart longs for mine

He calls my name
Is he the one
His eyes sparkle
Like the sun

(chorus)
I think in my head
How will I know
Wondering in my heart
Will his love show
