Walk right back
Whenever you need me

Every time I feel so lonely
walking through the night
more and more I long to hold you
long to hold you tight
knowing I'm still in love with you
hoping you feel the same way too

CHORUS:
Walk right back
I'm on my way
whenever you need me
I'd like to stay
Walk right back
you know I will
whenever you call me
I love you still

Every time you say you leave me
I want a second chance
in my eyes there is no end
no end to our romance
hoping that love will always win
and that you need my love again

Walk right back
I'm on my way
whenever you need me
I'd like to stay
Walk right back
you know i will
whenever you call me
I love you still

Walk right back
Whenever you need me

Walk right back
Whenever you need me

CHORUS
CHORUS to fade...
