This is a dream, you're a dreamer  
And you wake from the numb  
And you know you've become a believer.  
There is a time, and there is a season  
People hoping to find just a hint to resign or a reason  
A beautiful star, who's...  
Promised we could acquire  
All the things we desire and deceived us

There is hope for the children of Eden  
I'll not preach to ...  
When He came and He died for our freedom!  
It's not a dream, and you're not dreaming,  
Knowing this is designed by the one who's defined and  
believing.  
And then it starts, the bow is bending  
By the ...and the beast,  
now they're joined in a feast, and are rending.

There are some across the water  
Looking in at the ball, never dancing at all with their  
daughter  
The dragoon is lose for the insurrection  
At the end of the rage, there's a moment of rage and  
deception  
The fire consumes the unsuspecting  
Now the judgement has come  
Some are burning and some resurrecting.
