"Holding You"

When the night falls heavily
And I'm lying silently in my room
Lord I know I've never been
anyone who's every made it easy for You

But I hope You hear me pray
and I long to hear You say

I died for you
And I'm holding you
Yes I'm holding you
Come what may

When the morning rolls around
Lord I hope I will be found waking with You
Won't You come into my heart
And I'll make another start everything new

Please hear me pray
And lift me up and say

I died for you
And I'm holding you
Yes I'm holding you
Every day

When I'm old and weary
And I'm Lying frailly on my bed
Even though I've never been
Anyone who's ever been easily lead

Lord I know You'll help me pray
And you'll take my hand and say

Well I died for you
And I'm holding you
Yes I'm holding you
This day

Because I died for you
I am holding you

Yes I'm holding you
This day

I died for you
