"Awake"

So sorry, whisper all night,
I lay here deep in silent plight,
My head consumes the light,
Too much thought my life's evolving,
I wish that I could buy,
Another world thats all grown up,
Inherit sleepless cries,
I'd rather kill the torment...
Kill the torment.

Say,
Its alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive
Leave,
Surrender awake.

You've seen the worst of my dreams,
I can't escape this endless breach,
Holding on so tight,
Sriting lovers' stories hopeless,
So place on my eyes,
The sounds of my life,
Can't wait see my hands above her...
See my hands above her

Say,
Its alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,

Forgive
Leave,
Surrender awake.

You're always,
Looking.

Say,
Its alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive,
Leave,
Surrender awake.

Say,
Its alright,
Can't,
I won't,
Hold,
I'm always awake,
Should,
This time,
You,
Forgive
Leave,
Surrender awake.
