I drink away with my confession  
It's my way to testify  
Celebrate a world where I can be so blind  
I'll take any chance that you might give  
Another line for me to slip  
All alone I face another time of mine  
So what are you waiting for?

Can you see me standing here  
Waiting all alone  
for you to come undone  
Call me what you always knew what's true  
( I'm waiting here )  
But i'm already won

I lie awake in my depression  
it's my only way to survive  
Celebrate a world where i can be so kind  
I'll take any chance that you might give  
just one line for me to slip  
All alone i face another time of mine  
So what am I waiting for?

Can you see me standing here  
Waiting here all alone  
For you to come undone  
Call me what you always knew what's true  
(on you)  
But i'm already won.

Could I have been so wrong  
Why'd it take so long  
To kiss another girl goodbye  
I see everyone dance upon a broken lullaby

Can you see me standing here  
Waiting all alone  
for you to come undone  
Call me what you always knew what's true  
(on you)  
But I'm already won.

I'm already won.  
I drink away my confession  
It's my only way to testify
